### UKI US Open Nov 11-14, 2021 - Jacksonville, FL

Qualifying period – Oct 1, 2020 – Sept 30, 2021

- Qualifying scores must be gained in the height you will run at the US Open
- The same dog and handler team that gains the scores below can only run the events at the Open

Please visit the [UKI Website](#) and/or our [Facebook page](#) for updated information regarding the US Open 2021.

The Bye tracker information for the US Open 2021 is available to download at [Byes for the US Open 2021](#)

WAO info can be found <https://www.worldagilityopen.com/country-selection-2021/>

## UKI USA CUP - General Rules

- This event is open to all dogs and handlers irrespective of their level in UKI and their organization affiliation.
- There is no pre-qualification necessary to enter classes.
- There is a separate competition for each jump height.
- Dogs and handlers need to be UKI members. Memberships can be completed online at [www.ukaagilityinternational.com](http://www.ukaagilityinternational.com)
- Dogs may only compete in one height throughout the whole event.
- Handlers who are collecting points for US Open Byes must be the same dog and handler partnerships that compete in these events at the UKI US Open and must run in the height that the Q's and Bye's were gained at.
- The same handler must compete in both rounds of a class.
- Classes will be run in strict running order. Running orders will be randomly drawn for the first round of each class of Agility Biathlon, Masters Series Heat, Speedstakes Challenge and Games Challenge all consist of 2 rounds.
- Classes will be run under UKI rules and regulations with additional rules detailed below. Any further amendments will be posted and or announced in the event confirmation letter.
- UKI reserves the right to rule at the event on anything not covered in these rules. Any amendments to these rules will be posted.
- Eliminations in all classes except where noted differently in the individual class rules, will score 100 faults.
- No shows in any class except where noted differently in the individual class rules, will score 1000 faults.

**The Cup's Overall Winner** – Each jump height will produce the best scoring dog from the overall results for the following events of Agility Biathlon, Masters Heat, Games Challenge & Speedstakes Challenge. The Winner will be granted an automatic spot in the National Championship Final and automatic entry into the Masters Final at the 2021 UKI US Open.

**The Cup's Overall Reserve** (the 2<sup>nd</sup> place dog in each jump height) will receive an automatic Bye into RD 2 of the UKI National Championship class.

All 4 Cup events: Agility Biathlon, Games Challenge, Masters Heat & Speedstakes Challenge must be entered; running all classes for competition to be eligible for the Cup's Overall Winner result.

The tabulation for the Overall Cup will be based upon the number of dogs entered within each jump height in each event. The winner of the event (i.e. Speedstakes Challenge) will receive the highest points which is equal to the total number entered in that jump height. Example: If 12 dogs are entered in the 22 inch height in the Speedstakes Challenge then the winner will receive 12 points, 2nd place 11, 3rd place 10 and so on. All dogs entered will receive the points based upon their ranking, even if they are not eligible for the Overall awards

- Only one handler may compete with the dog throughout the entire event to be eligible for the Cup's Overall Winner tabulation.
- A no-show in either class will result in disqualification from that competition, including awards and entry into the Cup's Overall Winner result.
- Double Eliminations for each competition will not be placed in that event and will score 0 for the Cup's Overall Winner tabulation.
- If a dog obtains a double elimination in TWO events, they are no longer eligible for the Cup's Overall tabulation.
- In the event of a tie for the Cups Overall Winner, the Masters Series Heat placement will be the deciding factor and if necessary, followed by the Agility Biathlon, then Speedstakes Challenge, then Games Challenge
- Should a dog win the Cup's Overall Result but had previously obtained this result at another Cup, the result will not move down to the next placing dog.

### UKI Progression points

Clear rounds in Masters Agility, Biathlon Agility will count towards level progression for Agility points.

Clear rounds in Masters Jumping, Biathlon Jumping will count towards level progression for Jumping points.

Qualifying rounds of both classes from the Games Challenge will count towards level progression for Games points.

Clear rounds in both classes of Speedstakes will count towards level progression for the Speedstakes program.

All clear rounds will count towards the RD Bye qualifications for the UKI National Championship Class at the 2021 UKI US Open.

## **UKI USA CUP CLASSES**

### **Agility Biathlon**

- Consists of a Jumping round and an Agility round with the results combined.
- Running order for Agility will be in reverse order of Jumping results.
- Cumulative scoring; least faults wins with time as tie breaker only, in all aspects of the Biathlon.
- In the event of a tie for the Agility Biathlon Winner, the scores from the Agility round will determine the winner. If there is still a tie, the dogs will compete in a run-off on the Agility course.
- Eliminations in the Jumping round will still progress to the Agility round with E's running random in the beginning of the RO for the Agility round.

### **Speedstakes Challenge**

- Consists of 2 Speedstakes rounds with the results combined.
- Running order for Round 2 will be in reverse order of Round 1 result.
- Cumulative scoring; least faults wins with time as the tie breaker only.
- In the event of a tie for the Speedstakes Challenge, the scores from round 2 will determine the winner. If there is still a tie, the dogs will compete in a run-off on the round 2 course.
- Eliminations in Round 1 will still progress to Round 2 with E's running random in the beginning of the RO for the 2<sup>nd</sup> Round.

### **Games Challenge**

- Consists of a Snooker round and a Gamblers round with the results combined.
- Running order for Gamblers will run in reverse order of Snooker results.
- Cumulative scoring; highest number of points wins with time as tie breaker only.
- In the event of a tie for the Games Challenge, the scores from the Gamblers round will determine the winner. If there is still a tie, the dogs will compete in a run-off on the Gamblers course.
- Eliminations (dogs not stopping the timers by going over the finish jump) will score 0 points with SCT as the course time.
- Eliminations in Snooker will still progress to Gamblers with E's running random in the beginning of the RO for the 2<sup>nd</sup> Round.
- No shows in either round will score -1000 points.

### **Masters Series**

- Consists of Agility round and a Jumping round with results combined.
- Running order for the 2<sup>nd</sup> class will be in reverse order of placement of the first round.
- Cumulative scoring; dog with the lowest score wins.
- Faults converted into seconds (5 faults = 5 seconds) and time faults treated the same as course faults but converted on a 1:1 ratio. i.e. 2.25 seconds over a standard course time of 40 scores = 44.50
- 1<sup>st</sup> & 2<sup>nd</sup> place overall qualify for the Masters Series Final but neither round may have an elimination.
- An elimination in one of the rounds will disqualify the dog from the Masters series overall title, awards, & prize money.
- In addition, Winners in each height of the Agility round and the Jumping round qualify for the Masters Series Final at the US Open.
- In the event of a tie for the combined results, the result from the Agility round will be the deciding factor. If there is still a tie, the dogs will compete in a run-off on the 2<sup>nd</sup> course.
- Dogs that score double elimination will not be placed.
- Prize fund table is listed further in this premium.
- Eliminations in the Jumping round will still progress to the Agility round with E's running random in the beginning of the RO for the Agility round.

### **Managing Conflicts for Handlers with Multiple Dogs**

In the initial classes of each event a random draw will produce the running order. Handlers with more than one dog will have their running orders altered to achieve the following:

- A gap of 10 dogs (9 dogs between their runs) will be created by moving the first-drawn dog earlier in the running order. If this does not achieve a 10-dog gap then the second-drawn dog will be moved down in the running order.
- If there are not enough dogs in the class to achieve the 10-dog gap the biggest gap possible will be created. If this gap does not achieve the minimum 10 dog gap, then a break of 6 minutes will be given. The 6-minute countdown will start as the handler's first dog crosses the finish line; the handler must enter the ring with their second dog before the countdown is complete.
- Handlers with more than 2 dogs will have their dogs split using the 10-dog gap rule. If there are not enough dogs to achieve this, the dogs will be split evenly through the running order and the 6-minute rule will be adhered to. If a handler has dogs in different height divisions, and the 10 dog gap can not be achieved, the 6 minutes will run through while the jump heights are being changed.

**In seeded classes:** A handler must notify the results office within 30 minutes of the results being posted of the previous class in that particular event if they wish to move their running order for the next round or given the 5 minute break. Failure to do so will mean they will be moved.

## Masters Series Heat Prizes

Of the Prize entry fee, \$5.00 is placed in heat prize fund.

Each height has its own prize fund and will be divided as per Masters "Prize Money Guide".

Prize fund is for overall winners only that have not had an E in either class. **In the event there is not a monetary winner within a height, the prize money will be sent to UKI to be added to the Masters Final.**

\$1 from each entry fee will be split & placed in the Final prize fund and Team USA WAO fund.
