### **COVID-19 Waiver, Procedures & Wristbands**

**Mask wearing is optional but encouraged as is social distancing. Keystone Agility Club reserves the right to modify our Covid Policies based on CDC guidelines..**

### **Helpers**

Keystone depends on volunteers to make this a great trial. There will be a sign-up board on site for you to select the jobs/classes you wish to work. We thank you in advance for your help.

### **Checking in**

You do not need to check in unless you need to be measured. **All competitors in each class must check in at the gate** by checking off their name on the call sheet. If you do not check in, the class will not wait for you. Please only check in for the class being walked. Please remember it is your responsibility to be ready at the ring for your run.

### **Measuring Dogs**

All dogs jumping below the 22 inch Regular height, or the 20 inch Select height must have a UKI measurement, if you have not yet had one. Dogs competing above those heights do not need to be measured. If you have an actual measurement from another organization (such as AKC/USDAA), and wish to use this measurement, please bring your card to the measurer for documentation. The card will need to state the dog's exact height or we are unable to use that to verify your measurement

### **Running Order, Course Maps & Class Results**

A preliminary running order will be posted online by Friday afternoon at <https://k9trialservices.com>. Please note, this is for information purposes only and may change without notice. Paper course copies will not be available on site. The course maps will be posted online each morning 3 hours prior to trial site opening (Master Series maps will be posted at site opening time). We will not be printing results; we will be utilizing "real time results" for this trial. You will be able to access the results on <http://k9trialservices.com>.

**Food Services**

Sorry, there will be no food provided on site. Please plan accordingly.

**Crating**

Crating in your vehicle is highly encouraged as parking is close to the ring. Limited crating will be available in the building for this trial and will be on a first come first serve basis.

**Online Results**

All clear round/ qualifying results will be available to view within 2 weeks of the trial. You will be able to log on to your account and see results that were clear rounds, gaining Level points.

**Changing Handlers**

Competitors are required to inform the trial secretary of any handler change. Please do so in a timely manner.

**Not for Competition Runs**

You may turn any run into a NFC run, but must declare this right before entering the ring. You may use a non audible toy (NO clickers). You may use this time for any type of training, as long as you are not abusive to your dog. The handler may use the SCT to train any piece of equipment multiple times. If a handler chooses to train their start line, the time will be started once the handler begins to walk back towards their dog once they have left him. You MUST leave the ring immediately once time is up.

## Agility Gate

There are no gate check-in sheets this weekend. Instead, we will be utilizing the Agility Gate app, developed by Roger Ly. This app may be downloaded and used on both android and IOS devices. The app allows you to check in, scratch, or to indicate your run as NFC from your device. You can also check to see which dog is currently running. Turn on notifications (using the latest version of Agility Gate) to receive last minute changes and announcements during the trial.

You can download the app from your appropriate app store. Scan the code below or search Agility Gate.

Android

IOS

You will need to use the competitor code **0716** to access the running order once you select the Keystone Agility trial.

If you are uncomfortable or unable to use the Agility Gate App, you will still be able to check-in with the Gate Steward for your class, who will use the app to check you into your class. [Thanks for giving the app a try before making your decision!!](#)

To achieve better results while using the app, please sign onto our local WIFI network.
