Course Maps and Gate Sheets

We will not be providing paper course maps. Course Maps are available at www.k9trialservices.com

In an attempt to cut down on areas of congestion, we will be utilizing the Agility Gate app, developed by Roger Ly. This app can be downloaded and used on both android and IOS devices. The app allows you to check in, scratch, or to indicate your run as NFC from your device. You can also check to see which dog is currently running. You can download the app from your appropriate app store.

You will need to use the competitor code 0915 to access the running order once you select the Flying Dogs Classic trial.

Scoring

Please note that any scoring discrepancies **MUST** be brought to the attention of Diann Gastley, Marianne Pieper or Dan Burke within 30 minutes of the completion of any class.

Running Orders

The running orders for the preliminary rounds will be available at www.k9trialservices.com. The first rounds of Masters Series and Biathlon will be random, with adjustments made for handlers with multiple dogs. If you do not have a gap of 10 dogs in between multiple dogs, see Diann Gastley, Marianne Pieper, or Dan Burke to move one of your dogs. You may NOT move in the running order without the permission of one of those people. If we are not able to create a 10 dog gap, you will be given 5 minutes. The 5-minute countdown will start as the handler's first dog crosses the finish line; the handler must enter the ring with their second dog before the countdown is complete.

Final rounds will be run in reverse seed order. In the seeded classes, a handler must notify Diann, Marianne or Dan within 30 minutes of the results being posted of the previous class in that particular event if they wish to move their running order for the next round or be given a 5 minute break. Failure to do so will mean they will be moved.

Parking/Crating

There is NO crating in the building. You may work out of your car and/or set up a shade tent. Shade tents can remain in place for the weekend if they are not in the way of parking – check with attendants. Parking will be by parking attendants. Please be respectful of the parking attendants. **There are no personal chairs permitted in the building.**

Site Information

A Click Above is located on private property and is NOT open to the public outside of trial hours. DO NOT arrive at the trial site prior to stated times. Please DO NOT park on the Evergreen Mills Road. If you find yourself arriving early, there is Dunkin Donuts, Starbucks, etc. off of Battlefield Parkway.

Music will be played during walkthroughs and lightly during running of classes.

Food

There will be no food vendor on Friday or Sunday. Please plan accordingly

Measuring Dogs

Measuring will take place near the main ring prior to the first class. All dogs jumping below the 22 inch Regular height or the 20 inch Select height must have a UKI measurement, if you have not yet had one. Dogs competing above those heights do not need to be measured. If you have an actual measurement from another organization (such as AKC), and wish to use this measurement, please bring your card to the measurer for documentation. The card will need to state the dog's exact height or we are unable to use that to verify your measurement

Helpers

Help from competitors is not only appreciated, but is necessary to conduct a smooth running show. Please see our ring manager if you are able to help.

Online Results

All clear round/ qualifying results will be available to view at www.ukagilityinternational.com within 2 weeks of the trial. You will be able to log on to your account and see results that were clear rounds, gaining level points.

Maximum Course Time

All eliminations will be given a maximum course time of 60 seconds with the exception of Snooker and Gamblers. A single buzzer will sound at 50 seconds as a warning and 4 horns will sound at the 60 second mark, at which time you must leave the ring immediately. Snooker will be given SCT (first horn) and Gamblers will be given until the second horn.
