Checking In

You do not need to check in unless you still owe entry fees or have your dog(s) measured.

Course Maps and Gate Sheets

We will not be providing paper course maps. Course maps will be available at site opening on <https://k9trialservices.com>

In an attempt to reduce paper waste, we will be utilizing the Agility Gate app. This app can be downloaded and used for free on both android and IOS devices. The app allows you to check in, scratch or mark your run as NFC from your own device. You can also check to see which dog is currently running. There will be a tv near each ring which will be “mirroring” the gate stewards device so you can watch the run order while waiting to run your dog. You will need to use the competitor code 2024 to access the running order once you select the Jersey Devil Classic.

Bitches in Season – Are allowed to run at this event.

Note from Premier Sports Center. Since this is a regional event with exhibitors traveling from a greater distance, we have decided to make an exception for the Jersey Devil Classic. This does not mean we have had a change in policy for all future UKI trials. BIS will run in their running order but must start on a mat provided by the show. You must notify the show management of any BIS. BIS pants may be worn but are expressly done under the handler's risk.

Scoring and Results Posting

There will be a TV monitor scrolling scores as they are entered into the computer. Please check this monitor to ensure your score is correct as soon as possible after your run.

Class results will be posted on <https://k9trialservices.com> shortly after the completion of each class.

Please note that any scoring discrepancies MUST be brought to the attention of Dan Burke or Tina Power within 30 minutes of the results being posted for any class.

Running Orders

The running orders for the preliminary rounds will be emailed to each competitor and will be available online at <https://k9trialservices.com>. The first round of each event will be random, with adjustments made for handlers with multiple dogs. If you do not have a gap of 10 or more dogs in between multiple dogs, please see Dan Burke or Tina Power to move one of your dogs. You may NOT move in the running order without the permission of either Dan or Tina. If we are not able to create a 10-dog gap, you will be given 6 minutes between your dogs. The 6 minute countdown will start as the handler's first dog crosses the finish line; the handler must enter the ring with their second dog before the countdown is complete.

The running order for the final rounds will be run in reverse seed order. In the seeded classes, a handler must notify Dan or Tina within 30 minutes of the results being posted of the previous class in that event if they wish to move their running order for the next round or be given a 6-minute break. Failure to do so will mean they will be moved.

Parking/Crating

There is limited climate controlled indoor crating available on a first come first served basis. Crating is only allowed in designated areas. You must bring a tarp to place under your crate.

Car/Van Parking: In addition to the front paved lot, we also have a grass field out back behind the building. There is a side driveway on the right side of the building to access the back field. You can also park along the side of the building and along the tree line next to the driveway. Please park efficiently... do not leave more space between you and the next car than what a normal parking space would allow. If you allow too much space or double park you will be asked to move. Please do not park out on the circle or in any business neighbor's lot. Please do not park your car in the front field or alongside the tree line that faces the front paved lot. Those areas are reserved for RVs. There is very limited handicapped parking, please arrive early to obtain a spot.

RV Parking: If you preregistered, you were sent a confirmation. RV's must be parked by the staff. Pull up front and park in the fire lane with your blinkers on. Text Sue Bintliff when you arrive to be parked: 609-410-0889. If she does not answer your text, come inside to find her to be parked. Do not assume it is ok to park yourself because you have been allowed to at a past event. This is a big event, and we have a system for getting the RV's in. No RV's alongside of the building or out back for this event. RV's will be parked in front field if weather cooperates this week and it has been inspected and determined dry enough. No worries, we have plan B and C so not to worry. Safe Travels to all!

Food

There will not be a food vendor on site. Please plan/pack accordingly.

Measuring Dogs

Measuring will take place near ring 1 prior to the first class. All dogs jumping below the 22 inch regular height or the 20 inch select height must have a UKI measurement, if you have not yet had one. Dogs competing above those heights do not need to be measured. If you have an actual measurement from another organization, and wish to use this measurement, please bring your card to the measurer for documentation. The card will need to state the dog's exact height, or we are unable to use that to verify your measurement.

Volunteers

Help from competitors is not only appreciated but is necessary to conduct a smooth-running show. Please see our ring managers to volunteer to work. We have lots of great raffle prizes for those who volunteer.

Online Results

All clear rounds/qualifying results will be available to view at <https://ukagilityinternational.com> within 2 weeks of the trial. You will be able to log on to your account and see results that were clear rounds, gaining level points.

Sports Center Hours

The Center will close, and doors will be locked approximately one hour after the last run has been completed for the day. Be prepared.

Smoking

Smoking is not permitted inside our facility and not encouraged outside near others. We prefer if you must smoke that it is done inside your vehicle and that your butts are discarded in your vehicle ashtray.

NFC & Repeat and Move On

Not For Competition (NFC) and Repeat and Move On (RMO) will be allowed in all runs with the exception of Pentathlon Gamblers and Pentathlon Snooker. A maximum course time will be enforced during all NFC/RMO runs.

Maximum Course Time

All eliminations and NFC runs will be given a maximum course time of 60 seconds. A single buzzer will sound at 50 seconds as a warning and multiple horns will sound at the 60 second mark, at which time you must leave the ring immediately. For Pentathlon Gamblers, you must leave the ring on the second horn, there is no reattempting the Gamble after the 2nd horn.

Dog Exercise Areas

Premier Sports Center has 4 acres of grass for you and your dogs to enjoy. All dogs need to be on a leash and under control at all times while on Premier Sports Center property. The only exceptions for off leash are when at the practice jump or in the ring. Poop bags are to be discarded in outside trash receptacles only. Do not walk your dog on our business neighbor's properties. Pay attention to your dog and pick up after your dog. Anyone seen in person or on video not picking up after their dog or walking on the neighbor's property will be subject to a bench hearing and immediate excusal from the Center for the remaining day(s) of the trial. Do not let your male dog lift its leg on the building, front landscaping, or on any item a human needs to handle.

Please be considerate of the public restrooms. Trash cans will be placed in the bathrooms for proper disposal of paper products other than toilet paper. No dogs allowed in public restrooms. Personal chairs/handicap chairs will not be allowed on the turf field. We will provide bench seating in the front of the rings for all to use. Please remove your personal belongings when your class has ended.
