UKI US Classic - General Rules

- This event is open to all dogs and handlers irrespective of their level in UKI and their organization affiliation.
- There is no pre-qualification necessary to enter classes.
- There is a separate competition for each jump height.
- Dogs and handlers need to be UKI members. Register online at www.ukagilityinternational.com
- Dogs may only compete in one height throughout the whole event.
- Handlers who are collecting points for US Open or WCO Byes, must be the same dog and handler partnership that compete in these events and at the Open and must run in the height that the Q's and Byes were gained at.
- Classes will be run in strict running order unless otherwise specified. Running orders will be randomly drawn for the first round of each class of Biathlon, Pentathlon and Masters Series Heat.
- Classes will be run under UKI rules and regulations with additional rules detailed below. Any further amendments will be posted and or announced.
- At the event management's discretion, individual runs of the Classic Biathlon or Classic Pentathlon can be entered. Those competitors can compete for a qualifying leg and if clear, earn 4 level points regardless how the result compares to the others in the class. They also are not counted in the tournament tallies or given any results placement. If they receive a clean run, the dog's result will be recorded as the course time so as no comparison and placement will be made with those entered in the tournament.
- UKI reserves the right to rule at the event on anything not covered in these rules. Any amendments to these rules will be announced to competitors either in the confirmation information or general briefings.

UKI Classic Pentathlon Winners – The Winners of the Speedstakes Final from the Classic Pentathlon in each jump height will receive an automatic Bye into the Speedstakes Challenge Final at the 2024 UKI US Open Florida and a bye into the Speedstakes Challenge Final at the 2024 West Coast Open, plus an automatic Bye into the Masters Series Final at the 2024 UKI US Open Florida

Classic Biathlon Winners - If the Winners of the Overall Placement of the Classic Biathlon in each jump height win without an E in either class, they will receive an automatic Bye into **Round 2 of the UKI National Championship Class at the 2024 UKI US Open Florida.**

Biathlon

- Consists of a Jumping round and Agility round with the results combined.
- Either round can be run first. Running order for second round will be in reverse order of first round results.
- Cumulative scoring: least faults wins with time as tie breaker only, in all aspects of the Biathlon.
- In the event of a tie for the Agility Biathlon Winner, the scores from the Agility round will determine the winner. If there is still a tie, the result of jumping run will determine the winner, and if necessary, then the dogs will compete in a run-off on the last biathlon course.
- Eliminations in first round will still progress to second round, with E's running random in the beginning of the RO for the second round.
- Double eliminations will not be placed.

Pentathlon

- Consists of 4 preliminary classes with points allocated for placements in each class that are combined into one result to enable participation to run in the Final.
- The 4 preliminary classes include: Snooker, Gamblers, Agility & Jumping designed under the Senior level guidelines and are run and scored under UKI Rules & Regulations.
- The Final consists of a Speedstakes course and is run and scored under normal UKI Rules & Regulations.
- The tabulation for each of the 4 preliminary classes is based upon the number of dogs entered within each jump height in each event. The winner of the class (i.e. Snooker) will receive the highest points which is equal to the total number entered in that jump height. Example: If 12 dogs are entered in the 22 inch height then the winner will receive 12 points, 2nd place 11, 3rd place 10 and so on.
- Eliminations (dogs not stopping the timers by going over the finish jump in Gamblers and Snooker) will score 0 points.
- Eliminations in Jumping or Agility will score 0 points.
- A no show in any of the classes or if any of the classes are run for NFC - will result in a loss of eligibility to move onto the Final, regardless of ranking in the other classes.
- The top 50% from the 4 preliminary rounds will progress onto the Speedstakes Final.
- Dogs with 3 or more 0 scoring results in preliminary classes will not progress onto the Final.
- The bottom 50%, including those that scored three or more zeros, will move onto the Speedstakes Consolation Run that is scored under normal UKI Rules & Regulations. The running order for the Consolation class will be random draw.
- A tie at the 50% cut off will round up to move all tied dogs into the Final.
- The running orders for the preliminary classes will be random order.
- The running orders for the Final will be reverse order of the combined result of the preliminary score after the 4 rounds. If there is a tie for running order placement, the Agility placement followed by the Jumping placement, followed by the Gamblers placement will determine the running order.

Managing Conflicts for Handlers with Multiple Dogs in Non-Seeded Classes

In the initial classes of each event (non-seeded runs) a random draw will produce the running order. Handlers with more than one dog will have their running orders altered to achieve the following:

- A gap of 10 dogs (9 dogs between their runs) will be created by moving the first-drawn dog earlier in the running order. If this does not achieve a 10-dog gap then the second-drawn dog will be moved down in the running order.
- If there are not enough dogs in the class to achieve the 10-dog gap the biggest gap possible will be created. If this gap does not achieve the minimum 10 dog gap, then a break of 6 minutes will be given. The 6 minute countdown will start as the handler's first dog crosses the finish line; the handler must enter the ring with their second dog before the countdown is complete.
- Handlers with more than 2 dogs will have their dogs split using the 10-dog gap rule. If there are not enough dogs to achieve this, the dogs will be split evenly through the running order and the 6 minute rule will be adhered to. If a handler has dogs in different height divisions, and the 10 dog gap cannot be achieved, the 6 minutes will run through while the jump heights are being changed.

Multiple dog conflicts in Seeded classes:

In the seeded classes a handler has earned their running order and the advantage this brings; therefore, their dogs will not be automatically moved to create a gap. Instead, they will be given 6 minute break between dogs. However, a handler may choose to move their first dog to a spot earlier in the running order to create a gap of 10 dogs (9 dogs between their runs). If this is unable to be achieved, the 6 minute rule will be used. A handler must notify the results office within 30 minutes of the results being posted of the previous class in that particular event if they wish to move their running order for the next round. Failure to do so will mean they will be given a 6 minute break. By entering more than one dog in this event, handlers indicate their acceptance to comply with these rules.

Masters Series Tournament Rules

The aim of Masters is to encourage more competitive running in UKI classes and improve the overall standard of top level agility. The Masters has been created for dogs and competitors whose goal is to compete at both National and International level.

General Rules

Open to all UKI level dogs including Select heights. Separate competition for each height. Agility and Jumping rounds with results combined. Handlers must run in strict running orders, failure to do so will result in elimination. Either Agility or Jumping classes may run first. If a handler has 2 dogs entered within a jump height, they may move their first dog up so that there are as many dogs as possible between their dogs. If this is not possible, they will receive a 6-minute break. If a handler has more than 2 dogs within a jump height and the entry is not large enough for a sufficient gap in between all their dogs, the first of their dogs drawn will be allowed to run in between a jump height change, if a jump height change is available before their height. If it is not, the final decision will be made by the judge and show manager, taking into consideration fairness to the competitor and other entrants in the Masters Class. Day of Entries must run first within the running orders of the first class. The second class must run in reverse order of placing from first class. The dog must run in the height that he will compete at in the Masters Final. The same dog and handler must run both rounds. Only the handler who qualifies the dog through a Masters Heat, may run the dog in the US Open Masters Final. Any extraordinary circumstances to be ruled by UKI.

Scoring

Standard UK Agility Marking will apply. Faults converted into seconds. 5 faults = 5 seconds. Time faults treated the same as course faults. An elimination = 100 faults plus 60 second course time. An absent or NFC run = 1000 faults with a 60 second course time. Dogs with an absent or NFC run in either the Agility or Jumping will forfeit any Q's or awards gained in the other round; in other words, both rounds must be run for competition. Dogs with double elimination will not be placed. An E in the individual round will not be placed in that round. Dogs with the lowest score will be deemed the winner. In the event of a tie, the Agility result will be the deciding factor, followed by the jumping result. If a tie still remains, a runoff will be required.

Final Qualification: 2 ways to qualify for the Final to be held at the UKI US Open:

A. Individual Winners (per height) of the Masters Agility or Masters Jumping class (even if an E is earned in the other round).	B. 1st & 2nd Overall (per height) (even if an E is earned in one of the rounds).
---	--

Prizes:

Of the Prize entry fee; \$5.00 is placed in heat prize fund. Each height has its own prize fund and will be divided as per Masters "Prize Money Guide". Prize fund is for overall winners only. \$1 from each entry fee will be split & placed in the Final prize fund and Team USA WAO fund. In the event there is not a monetary winner within a height, the prize money will be sent to UKI to go towards the Final prize fund.
