Measuring Dogs

Measuring will take place near the check-in table prior to the first class each day. All dogs jumping below the 22 inch Regular height or the 20 inch Select height must have a UKI measurement, if you have not yet had one. Dogs competing above those heights do not need to be measured. If you have an actual measurement from another organization (such as AKC/USDAA), and wish to use this measurement, please bring your card to the measurer for documentation. The card will need to state the dog's exact height or we are unable to use that to verify your measurement

Parking/Crating

Crating is in the green building only. All parking is first come first served. Parking is in 2 areas; the first area is front of the red building 3 rows will fit here. There is no parking in front of these 3 rows or in front of the sheep pens. You may also park to the side of the green building in the old outdoor ring.
